

What a difference a year makes!!

IT'S BEEN a busy year for Lucy Bravington who set up her garden design business a year ago and hasn't looked back since! Lucy studied garden design at Pershore College and was in-house designer for a well known local landscaper for two years, before she decided to go it alone. With a degree in Business Commerce she also had the knowledge required to set up and run her own business.

During 2009 Lucy Bravington designer landscaper worked with several private clients in Warwickshire and Worcestershire and built strong relationships with local landscapers. She also works closely with two of the UK's leading house builders. Lucy has donated two designs to charity including one which was auctioned off at a garden party in aid of the NSPCC. The winning bidders were Mr and Mrs Skinner (pictured) who had recently extended their home and were in need of ideas to create an outdoor living space to compliment their new home.

During the summer of 2009 you may have met Lucy at Stalls lifestyle store in Preston on Stour, where she was displaying her stunning portfolio of designs and discussing garden issues with members of the public. Lucy will be holding consultancy days again this summer at Stalls so look out for information in the local press!

Lucy works on projects ranging from small courtyards to large country estates, so if your garden is in need of inspiration contact Lucy on **07855 940 402** or visit her website. You can also follow Lucy on **Twitter** to keep up with her progress on current projects, just search for **@LucyBravington**
